
Russo, Perry Raymond

Russo is an insurance company employee.

Russo is main witness (against Clay Shaw) who testified 3/14/67 that he (Russo) was present at meeting when Shaw, Lee Harvey Oswald (introduced to Russo as Leon Oswald) and David Ferrie (the homosexual who died 2/22/67) plotted the assassination. Russo appears to be lying. Garrison's staff used hypnosis and drugs on him to get him to tell his story. We have received information indicating the story he tells was placed in his mind by Garrison's men while hypnotized and drugged.
